

Life Through Death

The Worship of Sacrifice

"I tell you the truth, unless a _____ of wheat falls to the ground and _____, it remains only a single _____. But if it _____, it produces many _____. The man who loves his life will _____ it, while the man who hates his life in this world will keep it for _____."

"In the same way count yourselves _____ to sin, but _____ to God in Christ Jesus."

Sacrifice looks like... [Write some notes in between each idea!]

1. the giving of your best
2. giving in faith
3. worship

REALife Application

Use the following questions this week to reflect on what it would mean to align yourself with the truths taught in scripture. Each question is meant for both personal reflection and as a catalyst for discussion with your family, friends, or REALife Group.

Do I fear death? Why?

Do I believe that Jesus' death on the cross made a way for me to truly live an eternal life? Why or why not?

What sin needs to die in my life?

What are some things that you hesitate to sacrifice to God? Why?

Read through Leviticus 22:17-33. Meditate and discuss what it might mean to profane the holy name of God.

Are there areas in your life that you would like to know God's will in? How could you apply this message of a sacrificial life to those areas?

What kinds of things do you wish to reap from your life? Are you planting the right seeds?

Pray to catch God's vision of harvest that is a multiplication of the seeds planted. Seek how he would use you as an instrument in this work.
